PanaCast 20

4K Ultra HD

Always an ultra clear, more natural far-end experience

Intelligent Zoom always focuses on the key user in any environment, from crowded offices to a busy home office

Intelligent Light Optimization provides a natural view no matter how much and from which angle the light comes from

Picture-in-Picture
Create more engaging meetings, showing whiteboards, product demos or whatever you choose as part of the main video stream to the far-end

PanaCast 20 New Features in next Firmware

BACKGROUND BLUR

Apply a real-time blur effect to the physical background

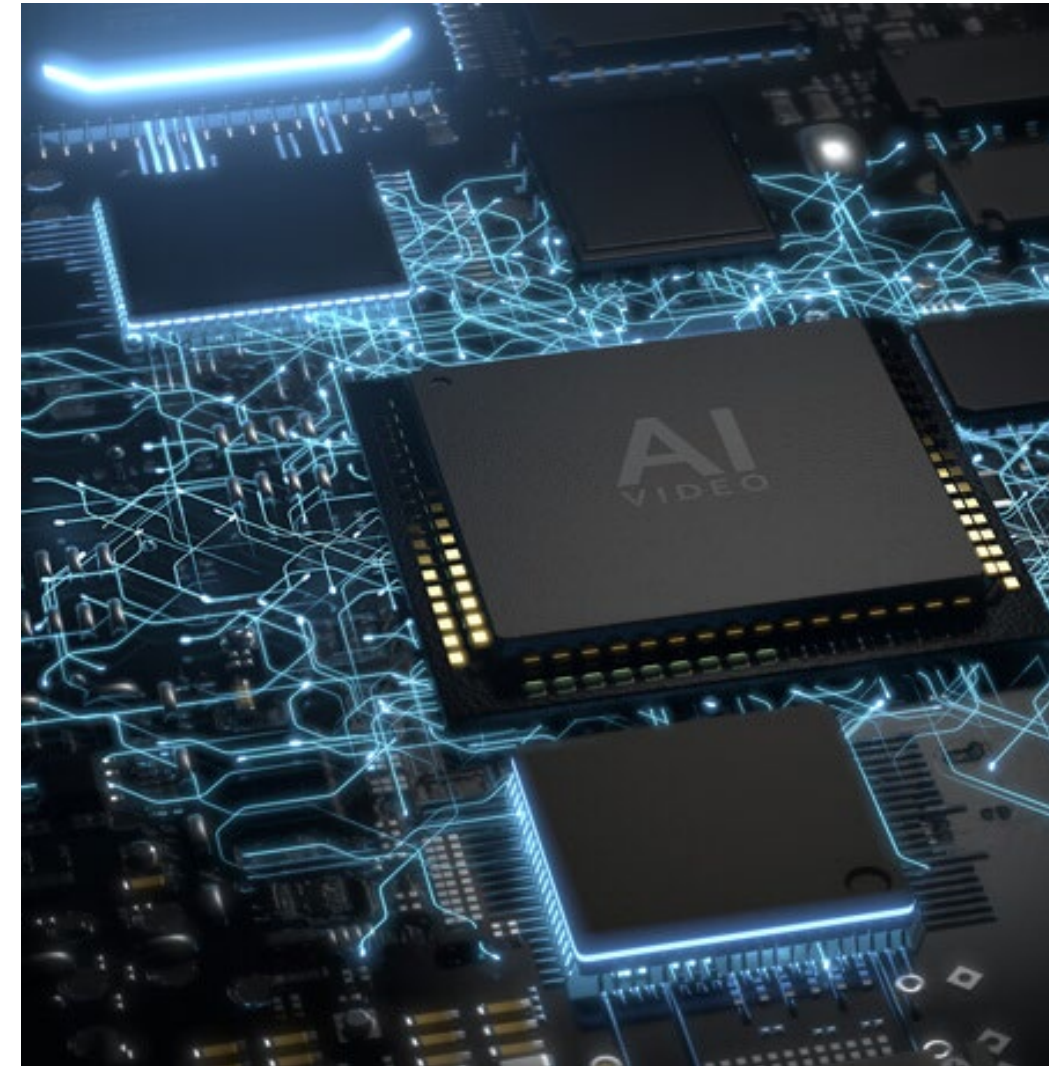

PLANNED for VP1
Expected in late Q4

BACKGROUND COLOR

Select a solid color to replace the physical background

PLANNED for VP1
Expected in late Q4
